## Unseenlabs Signs Memorandum of Understanding with Space BD, Japan, to Strengthen Strategic Partnership

**Signing ceremony conducted in conjunction with the visit of the French Official Economic Delegation to Japan**

Space BD Co., Ltd. (Headquarters: Chuo-ku, Tokyo; President: Masatoshi Nagasaki; hereinafter "Space BD"), which develops comprehensive services in the space industry, on April 1, 2026, with Unseenlabs SAS (Headquarters: Cesson-Sévigné, France; CEO: Clément Galic; hereinafter "Unseenlabs"), a leading French space company that visited Japan as a member of the official economic delegation accompanying French President Macron's visit to Japan, announces that it has signed a Memorandum of Understanding (MOU) representing a strategic partnership in Japan for the promotion of Unseenlabs' business, in the presence of French government officials and others.

This MOU signing is positioned as an important part of the economic mission promoted by the French government. On the day, following the "France-Japanese Economic Forum" to deepen bilateral economic cooperation, representatives of both companies exchanged signatures in the presence of Philippe Baptiste, French Minister of Higher Education, Research and Space.

Space BD has heretofore contributed to the establishment of Unseenlabs' global business foundation through Unseenlabs' satellite launch.

This MOU signing is based on the cooperative relationship between the two companies to date and aims to contribute to

### About Unseenlabs

Founded in 2015, Unseenlabs is a France-based company with offices in Singapore and a team in the United States.
